

Accessing Quotes in HCL's Ecommerce Portal

Instructions for accessing quotes and easily completing software orders

Print these instructions for easy reference while you are working in the ecommerce portal!

Steps for Accessing your HCL Software Quotes:

(see the following slides for detailed screenshots)

1. Visit <https://buy.hcltechsw.com/> and login to your account

- If you do not yet have an account, please register
- To transact orders through the HCL ecommerce site, **you must be registered as a Buyer**. If you are unable to take the actions described below, please update your role access to 'Buyer'

2. View pending quotes for your customers in the Quotes page (see left hand navigation)

3. Click a Quote ID to view additional details of that quote

4. From the individual quote page, you may click the 'Accept' button to place your order

- Upon accepting the quote, you will receive a confirmation of the order, as well as instructions to contact your HCL seller to provide a Purchase Order. (Please note orders cannot be fulfilled until a PO is provided, or confirmation that a PO is not required is given)
- If you require changes to the quote, please use the 'Propose Changes' button to communicate the requirements. Your seller will modify the quote and you will receive a communication on the updates.

5. After accepting your quote and providing a Purchase Order, your order will be processed

- You will receive an Order Acknowledgement and Proof of Entitlement letter from HCL. This should be within 24-48 hours of submitting your PO.

Step 1: Log in to the eCommerce Portal

The screenshot shows a web browser window with the URL <https://buy.hcltechsw.com/>. The browser's address bar and tabs are visible. The page header features the HCL Software logo and a 'Sign In' link. The main content area is divided into two sections: 'Returning Customer' and 'First time here?'. The 'Returning Customer' section includes fields for 'Email Address' (containing 'shashank@hcl.com') and 'Password' (masked with dots), a 'Forgot your password?' link, and a 'Sign In' button. The 'First time here?' section contains a paragraph about registration and a 'LEARN MORE' link. A large 3D 'WELCOME' graphic is centered on the page. Two yellow callout boxes provide additional instructions: one points to the URL in the address bar, and the other points to the 'Sign In' button, stating 'Enter eComm Registered Email Address (LogIn ID) and Password to Sign In'.
